

Daniel Booher Family

Last Modified: 05 May 2009

This document makes an attempt to locate the Daniel Booher family (children, grandchildren, and their families) in the U. S. Federal Census records up through 1880. A number of sources, many of which are of questionable quality, were used to aide in the complilation, so there are likely many mistakes. Unlike the family of his brother, Casper, there are also many gaping holes here. **I would greatly appreciate hearing from anyone who can help in improving the accuracy and/or completeness of this document.**

Misc. Notes:

I think the birth order for Daniel's children (with the exception of Nancy) is pretty close to correct. I'm most confident about the oldest three and the youngest. Nancy could actually fit in anywhere between those four.

Daughter Elizabeth: I have been unable to find her family in the 1810 or 1820 census. Supposedly they were in Kanawha Co., VA by 1820, but I have not been able to find them in the census records there. Some sources show an 1807 marriage date. In addition, the existence of three males 20-29 years old in the household in the 1830 census indicates that there may be one or more older children that are currently unidentified.

Son Henry: I have found very little on this family after the 1850 census. The lone exception is the oldest boy, Jesse, who returned from VA and took up residence in Mercer Co., PA. It is my opinion that many of the other members of this family either died soon after 1850 or went to VA (now WV) near their Aunt Elizabeth. There is some sketchy evidence out there that indicates that son John married and died before 1860 in Kanawha Co., and that Mariah also ended up in VA as well.

Unidentified daughter, wife of David Stevens: The 1820 census shows David Stevens along with his young wife and daughter right next to the John Booher family in Shirley Twp., Huntingdon Co., PA. Since John's wife was Daniel's daughter Barbara, it is a pretty good bet that this was the David Stevens family that included Barbara's unidentified sister. Another interesting fact about David's 1820 census entry is that it identifies one individual in the household as being an unnaturalized foreigner. This would have to be David himself (assuming no mistake was made).

Daughter Susanna: There appear to be a couple of older children in Susanna's family who are not yet identified.

[Red individuals are grandchildren or supposed grandchildren of Daniel Booher and Elizabeth.](#)

Italicized items indicate an above average level of uncertainty regarding the accuracy or applicability of the information.
